

Ethernet Alliance Technology Exploration Forum 2014 “The Rate Debate”

Welcome to the TEF!

October 16, 2014

Introductions

- The Technology Exploration Forum is intended for industry discussion related to the technology's evolving roadmap, including speeds, standards, challenges, and what may lie in store for Ethernet and its related technologies.
- Per IEEE-SA Standards Board Operations Manual, Jan 2005: “At lectures, symposia, seminars, or educational courses, an individual presenting information on IEEE standards shall make it clear that his or her views should be considered the personal views of that individual rather than the formal position, explanation, or interpretation of the IEEE.”
- The views being expressed on IEEE standards and related products should NOT be considered the formal position, explanation, or interpretation of the Ethernet Alliance.

The Ethernet Alliance Mission

- To promote industry awareness, acceptance and advancement of technology and products based on, or dependent upon, both existing and emerging IEEE 802 Ethernet standards and their IEEE 802 Ethernet standards and their management.
- To accelerate industry adoption and remove barriers to market entry by providing a cohesive, market responsive, industry voice.
- Provide resources to establish and demonstrate multi-vendor interoperability
